– available in all sizes and flavours.

## SMALLER Condoms

49mm diameter

## HOW TO STORE LATEX CONDOMS

Condoms should be stored in a cool dry place, out of direct sunlight with temperatures not exceeding 25 degrees Celsius.

Properly stored condoms have a 5-year shelf life from the date of manufacture.  
The condom's expiry date is printed on each foil.

Latex condoms should not be used by people with latex intolerance.

## GLYDE CONDOM DISPENSER

- Made of strong, durable perspex.
- Designed for wall mounting.
- Holds 30 condoms.

## GLYDE CONDOM DEMO MODEL

Designed to demonstrate the correct way to put on a condom.

*This model has been developed for use by sexual health educators in schools and health clinics. It is anatomically proportionate without being sexually explicit.*

## NON LATEX CONDOMS FOR MEN

For people with latex intolerance.

60mm diameter  
- one size fits all.

*Sheer polyurethane condom with elastic retention ring.  
Unique credit card style pack fits easily and discreetly into wallet or purse.*

*4 year shelf life,  
expiry date printed on each card.*

3 condoms per card,  
48 cards per carton.

## NON LATEX CONDOMS FOR WOMEN

*femidom*<sup>®</sup>  
the  
female  
condom

*A soft polyurethane sheath, sealed at one end with flexible ring for easy insertion. Provides protection against pregnancy and sexually transmitted infections.*

Box of 3,  
or individually packaged.

*5 year shelf life,  
expiry date printed on each pack.*

# GLYDE PREMIER LUBRICANT

Water based personal lubricant.

*water soluble • non staining • non residual*

Used to eliminate dryness and reduce friction during sexual intercourse.

Recommended for use with latex and non latex condoms.

*colourless  
&  
odourless*

Available in:

- ▶ 4 gram sachets (1,000 per carton)
- ▶ 100ml purse pack
- ▶ 500ml pump pack
- ▶ 1 litre bottle
- ▶ 5 litre keg

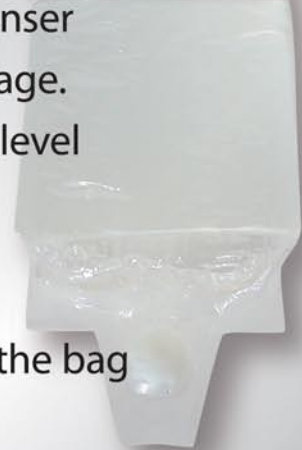

Store lubricant in a cool dry place out of direct sunlight. 5 year shelf life.

## GLYDE PREMIER LUBRICANT DISPENSER & REFILL POUCH

Hygienic handling of 1 litre pre-packed pouches of GLYDE Premier Lubricant, filled in a TGA approved plant.

- ◆ Security through lockable dispenser
- ◆ Easy refill replacement - no spillage.
- ◆ Easy visual inspection of pouch level
- ◆ Simple installation with full instructions and attachments
- ◆ Very economical - no waste as the system fully dispenses the bag

*This silky, sheer sheet of 100% natural scented latex is the first vegan friendly medical device made specifically for barrier protection during oral sex.*

Beware of substitutes – the SHEER® Glyde Dam is the only product of its type with TGA, CE and US FDA approval – it reduces the risk of catching, or spreading many sexually transmitted infections such as syphilis, gonorrhoea, chlamydia, genital herpes, genital warts and HIV/AIDS.

Available in four fresh flavours

Pink/Strawberry

Purple/Wildberry

Creme/Vanilla

Black/Cola

Each SHEER® Dam comes in its own resealable polybag, printed with instructions for use.

Vanilla dams now available with bilingual printed instructions for use – in English & Chinese

5 year shelf life

Store in a cool dry place out of direct sunlight.

Through unopened anal, oral or vaginal sex with an infected person	YES	YES	YES	YES	YES	YES	YES	YES

**Where does the SHEER Dam go?**

**THE RED RIBBON**  
 THE GLOBAL HEALTH COMPANY  
**SHEER Dams**  
 GLOVES  
 DAMS

It is important to follow the instructions for use printed on each pack.

**GLYDE *touch* GLOVES**

- 100% natural latex
- lightly powdered for ease of use
- extra strong for extra protection

Available in:  
 • small  
 • medium  
 • large

**100 gloves per box.**

**The RED RIBBON® Condom**

**GLYDE Health developed and trademarked the Red Ribbon® Condom in 2008 – specifically to assist fundraising activities conducted by HIV/AIDS organisations around the world.**

The condom, made from the highest quality red latex with its distinctive Red Ribbon foil is an excellent product for HIV/AIDS organisations to onsell, or offer to the public in exchange for a donation.
